

## Don't Wait....Get Help Now!

If you or someone you know is addicted to drugs or experimenting with drugs, you don't have time to wait.

**Every 30 minutes  
someone overdoses**

**It's never you...  
UNTIL IT IS**

Across the U.S., deaths from prescription drugs and illegal drugs laced with opioids, like Fentanyl, have tripled since 1999.

The City of Hollywood Police Department and Department of Fire/Rescue want you to know there's help. We've teamed with community partners and health care providers like Memorial Regional Hospital and Kindred Hospital to provide you with a convenient list of resources available to assist anyone facing a substance abuse problem.

Take a look, make a call. Your life is too important to waste.
